

Montessori Academy

OF CHAPEL HILL

CHILDREN'S HOUSE 2

Our academic work is off to a brilliant start: we've covered the letters A through C and worked on writing our names. On math days, we're learning to write numbers. Two dimensional geometric shape and patterning works were introduced. Tangrams are one of the most popular rug works and the older students are also doing addition works.

A was for our atmosphere art project. B was for bounce; we experimented with rubber, metal, wood and plastic balls. For C we adorned the ceiling with clouds.

Stay Tuned for D,

Miss Hayley and Miss Maria

OCTOBER 2014

The Toddler Room

October is always a favorite month for the toddlers. We get to go outside and enjoy the weather and explore the changing season. We have added two new works, washing and drying shells and planet balance. We have done a lot of crafts including our big group project we started on Monday the 13th. The whole class has settled into the routine of our day like champions. Our sign language to date are more, all done, please and thank you, clean and help. Your little ones are truly enjoying our cleaning days where we all get a rag and help clean our room. We are learning ownership and responsibility each and everyday. Thank you for another fun month!

Smiles,
Ms. Casey, ms Suzy and Ms. Marissa

Children's House 1 Collage Projects

CHILDREN'S HOUSE #1

September was a fun-filled month for Children House#1! In September, we learned alphabets “c”, “d” and “e”. For the letter “c”, our kids did a practical life activity “cupcake decorating”. They enjoyed their delicious and beautifully decorated cupcakes. They also read a story book “C is for clown” by Dr. Seuss in which they learned different words that begin with “c” like Cary, cow, catfish, clown, cat, etc. For the alphabet “d” our kids colored the picture of a dog and dragonfly. Children House#1 kids read the storybook “Five Little Ducks and counted how many baby ducks there were in the story and what sound they make.

For the alphabet “e”, Children House #1 kids learned the words egg, elephant, eagle, eggplant, eight, earth, etc. With the help of egg shells, we made an egg in our classroom. We also did a craft filling in a picture of Earth with colored rice and learning about earth and water on maps. In October, we are working with alphabet “f”. Our kids will learn collage work while making a flower.

Thank you so much for your support,

Mrs. Soma and Miss Jessica
