## TODDLER ROOM

The toddlers have been having so much fun learning and growing in the month of May! They've been working on learning letters and colors. They've been learning to play new instruments in music class- bells are their favorites! The toddlers have been enjoying the warm weather and have been spending lots of time playing outside. We are all very excited for summer!

Smiles,

Miss Lindsay, Miss Savannah and  
Miss Natasha

JUNE 2015

## Children's House #1

This month the children of CH 1 have been busy making stained glass windows with pieces of torn paper suspended between sheets of clear plastic. We learned about color and light as well as making patterns with paper. Our Summer Themes have started and we have observed and talked about shapes in nature. We looked at a honey combs, and we talked about how the bees make them out of wax. Our class looked at the shapes that the wind blows the clouds into and talked about how wind blows sand and leaves into shapes as well. We have started our weekly Splash Day, which everyone is so excited about. Running through the water to cool off on the hot summer days is so much fun. On the playground, some of us have found the shadiest places to relax and cool off!

Happy Summer Days,

Miss Marissa and Miss Dana

## CHILDREN'S HOUSE #2

From galaxies to roly poly bugs, students in Children's House #2 were busy as bees in May. Our first week, we finished our geography lessons on the continents. The next week we studied space and the space program. After the universe, we spent a week on the seasons. And finally, by popular demand we had a week of insects. Among our many projects, we made our own constellations, read folk tales from around the world and studied our Montessori natural science flash cards and field guides of North Carolina. We continued to practice with our math works and with sight words and vowel sounds during circle. For Miss Hayley's birthday, we all dressed up in costumes. What a fun and productive Spring we've had.

Best wishes for Summer,

Miss Hayley and Miss Maria
